

Core Beliefs

This resource provides sample core beliefs for guiding selection and implementation.

We believe...

- All students are capable of meeting the expectations of the standards.
- All students deserve strong, engaging instruction supported by highly aligned instructional materials and resources that makes them excited about learning.
- It is our responsibility to prepare students for post-secondary opportunities.
- We believe every member of the system has a critical role to play in materials selection and implementation – students, teachers, community members and parents, school leaders, and system leaders.
- Materials support our ultimate goal, which is student engagement and learning. The materials are a means to an end in obtaining our vision for instruction, not an end in itself.
